

Stowupland High School Bulletin

Friday 2nd October 2026

From Mr Walker, Principal

Come and see us in action

We very much enjoyed welcoming pupils and parents to our Open Evening yesterday. Thank you to all students who did a Stowuptastic job in guiding visitors around the school, showcasing their work in departments and proving to be magnificent ambassadors for our school. Please find a selection of photos from the event below.

Tea & Tours are available for any Year 6 parents and pupils who would like to see the school in action during the day. Act fast to secure your booking before spaces run out. Please visit our website for more details and bookings.

More netball success

Congratulations once again to our brilliant netballers. This time, Mrs Walton's superb Year 9 (Under 14s) have been in action in a tournament at Mildenhall Academy. They had two wins against Castle Manor and Ormiston Sudbury, a closely matched draw against Samuel Ward and a loss against Ixworth. The students, as always, were a credit to themselves and Team Stowupland. Well done Annie, Poppy, Chaya, Violet, Tahiry, Ella, Lillie, Jess S, Esme and Jess B and a special thank you to Lillie H for her captaincy skills.

Is my child too ill for school?

We know that on rare occasions children are too ill to attend school. But before making that call please take some time to consider whether they really are too ill to be here. As we enter the season for coughs and colds, please watch this very short (1min 15s) video.

It makes it clear that children should attend school if they have a slight cough or common cold symptoms, such as a runny nose, sore throat or headache, as long as they're otherwise well and do not have a high temperature.

Every school day lost to absence reduces lifetime earnings, on average, by £750,
(Source - DfE The impact of school absence on lifetime earnings).

Year 11 Exam Success Evening

We look forward to seeing Year 11 students, parents and carers at the Exam Success Evening this coming Monday (5th October). It runs from 6-8pm and will provide bespoke advice and resources linked explicitly to success in the mock examinations taking place later this term.
