

SCHOOL BULLETIN

Face to face parents' evenings

We have taken the decision to return to face to face parents evenings. This will enable us to build stronger relationships with parents and carers, and will provide you with the opportunity to hear feedback and ask questions directly rather than on-screen. We are still using the Parents' Evening booking system, and appointments are still for 5 minutes (although there is no automatic cut off as there is on screen!).

The first face to face event will be the Year 10 Parents' Evening on Wednesday 19th March. This takes place in the Sixth Form building which is on the right as you drive onto the site. There is ample parking, and refreshments will be available. It will be clearly signposted where each teacher is within the Sixth Form building. We hope to see as many Year 10 parents there as possible - we promise a warm welcome and lots of information from your child's teacher.

Options Evening - Year 9

Year 9 Options Evening.

This takes place at school from 6-8pm next Tuesday (4th March). Please come to Reception and you will be shown where the different events are taking place. The main talk takes place in the Drama Studio as follows:

6.00-6.30 pm for parents of students in 9ADA, 9KBL, 9LBL and Mulberry students
6.45pm-7.15pm for parents of students in 9NBR, 9PST, 9TPA

Displays on each of the subjects available in Key Stage 4 are available throughout the evening. You will have the opportunity to talk to members of staff about each of the subjects. Your child has this year's Options booklet so please make sure you have looked through this together before Tuesday's event.

Bake Sale

Mrs D'Arcy-Hulusi is organising a bake sale at Stowupland High School on Wednesday 5th March and Friday 7th March. The proceedings will go to support the Paediatrics Diabetic Clinics and children with T1 diabetes.

All donations will be highly appreciated!

The sale will be taking place outside the G Block during the break and lunch.

World Book Day

Thursday 6th March is World Book Day. Each student will receive a book token during tutor time. They can exchange the token for a World Book Day book which can be found in most shops where books are sold, including Tesco and Asda. Or they can use it as a £1 money-off token on any book in most bookshops.

Students will also watch a presentation on the importance of reading, including increasing brain capacity, knowledge, wellbeing, and results in examinations.

You can support us on World Book Day by encouraging your child to exchange their token for a book, and perhaps sharing a couple of extracts from your favourite books that you read as a child or reading to them from their WBD book.
