

# School Bulletin

## Welcome

This has been another very busy week at Stowupland, with the Jubilant Project, Geography and History field work, more sporting successes and the beginning of a student-led gardening project in our Green Quad (one of the students involved has written about this below).

## A report from our young gardeners in 9ADA

We started by watching a gardener who grew food for his local community on the side of the road. Inspired, we built a bird feeder and eventually we planned the use of a space in the Green Quad to grow our own tomatoes, kale, courgettes, lettuce and potatoes. As a form, we have dug our patch, arranged for raised beds to go in and now we are ready to start planting.

Mr Cook, our Facilities Manager, has provided us with the tools and gardening gloves. We will keep everyone updated on our progress.

## Jubilant!

During the month of May, 19 of our students participated in the Jubilant! Project, alongside Mural Artist, Frankie. The finished mural design work is curated into an exhibition which is launched today during the Jubilant! Festival Day. The displays from a number of local schools will be available for another week to admire across the main cultural venues in town providing a visually striking snapshot of 'Roots' in Stowmarket in 2025.

Click [HERE](#) for more information.

## Dance Ambassadors

In Fusion Dance Club students who show exceptional commitment, talent and confidence are selected to become Dance Ambassadors. We are pleased to announce that we have five new Silver Ambassadors - Well Done to Teegan, Isabelle, Jess, Isla and Neve!

After more than a year of service, and continuing to show excellence in their Silver Dance Ambassador roles, we are delighted to reveal that five students have been promoted to Gold Ambassadors!

Congratulations to Poppy, Ava, Amelia, Leila and Amy! As part of their role, these students will be required to give up their time to help choreograph and teach dances to younger students within Fusion Dance Club.

The dances will feature in our upcoming Showcases.

WELL DONE to all of our Dance Ambassadors!

## Year 6 Transition

Our Transition Team is working hard on planning our Year 6 Transition Days. Today we held a meeting with a group of fantastic students in Year 8 who will be helping throughout these days. We are looking forward to welcoming all our future students on 30th June and 1st July.

## Learning routines

It is important for students to develop good routines in their learning to enable success in the future.

Before the end of each lesson, teachers will:

- ask students to sit in SLANT
- collect exercise books and textbooks
- clarify who got merits and the golden ticket
- review the learning in the lesson with some quick Q and A

Please speak to your child as often as possible about their merits and golden tickets. Ask them why they were awarded, and for which subjects.
