Year 6 Transition success

We were delighted to welcome our upcoming Year 7 students for their official transition day. The energy and enthusiasm across the school were truly wonderful to witness. Our new pupils threw themselves into secondary school life by exploring a variety of new subjects and navigating our specialized classrooms. It was a fantastic opportunity for them to meet their future teachers, learn new routines, and make friends with peers joining from other primary schools. A massive thank you goes out to our incredible team of older student helpers. They did a phenomenal job guiding the Year 6s, answering questions, and making our new students feel incredibly welcome. We are already looking forward to September!

Free school meals changes

Please click [HERE](#) to find out about the upcoming changes to the free school meals from the start of the 2026 to 2027 academic year.

Year 5

Following the success of our Year 6 to year 7 transition, we were equally thrilled to host our local Year 5 pupils this week. The young students spent a vibrant day experiencing a true taste of high school life and exploring a variety of exciting new subjects. On Wednesday we also marked the grand finale of our Year 5 Project. Over the past 5 weeks a small number of primary pupils have regularly attended specialised high school subjects to help bridge the gap between primary and secondary education. We want to extend a massive thank you to all the high school teachers who dedicated their time, energy, and expertise to running these fantastic project sessions in history, science, computing and drama. Your hard work has given these students a brilliant head start

Sports Day - timings change

We are moving the field track events to the morning of Tuesday 7th July. We have made this decision due to the current weather forecast, which predicts heat. The safety, comfort, and enjoyment of our pupils, staff, and families are our absolute priorities, and the current forecast would prevent us from running the event safely.

If you wish to attend and spectate - please complete the [form](#) by 9am on Monday 6th July. You will find more details in the email sent earlier today.
