Answers to these questions will be used to inform staff of any special circumstances relating to your needs in Year 12/13.

Please tell us if you have any physical disability or illness that might affect your studies (e.g. epilepsy, diabetes, asthma).

Do you have particular learning needs or difficulties? (e.g. dyslexia). If so, please note them here, including extra times for examinations / readers etc.

Section 2: Subject Choices

As a student in the Sixth Form, you will study three subjects at Level 3. These subjects can be a combination of A Levels and applied courses. When choosing the courses you wish study, you should consider future career options and take into account what you enjoy and the combinations of subjects that work well together.

In the box below, indicate the three courses you would like to study and a reserve choice.

Subject One	
Subject Two	
Subject Three	
Reserve Choice	

In addition, you may choose to take an Extended Project Qualification (EPQ).

Universities are increasingly looking for the EPQ as an additional Level 3 qualification. It provides you with the research and evaluation skills necessary to succeed at university. Those who take the EPQ often receive lower conditional offers when applying to University. Even better, it's a chance to shine in a subject and pursue something you are really interested in. Although your work is an independent project, you will get plenty of support and guidance in completing it.
