Core Subjects	P half	Q half
English	Tuesday	Thursday
Maths	Wednesday	Wednesday
Science	Monday, Thursday and Friday	Monday, Thursday and Friday
Options	P and Q	
A	Wednesday	
B	Tuesday	
C	Thursday	
D	Monday	

Deadlines will be agreed for each task by the subject teacher and should be recorded in Student Planners.

Science homework in Years 10 and 11 will be set in Biology, Chemistry and Physics separately. This may take the form of extended research projects over a number of weeks and so should be entered in planners each week until this is handed in. For some teaching topics in Science shorter question based homework to consolidate key ideas may be more appropriate and this will be set one week to be handed in the following week.

It is expected that teachers should carry out a FIT task where appropriate for students' homework and share this for further improvement.
